David Kang

davidkhk@gmail.com | https://davidkang.me | https://linkedin.com/in/davidkhk/

Skills

Languages:	HTML, CSS, JAVASCRIPT
Technologies:	Reactjs, Git, Node.js, Bootstrap, Express, React-Spring, Material-UI

Experience

David Kang   São Paulo, Brazil
Freelancer   Jan 2021 – Present

PROJECTS:

• Frapp & Co. – E-commerce coffee shop business   https://www.frappand.co
Built a fully responsive ecommerce website from scratch using React. On the ecommerce part, I used Commercejs' API to handle the back-end, and Stripe's API to handle the payment process. Contact form on Nodejs.

Other tools/libraries used:
Material UI, Cors, Express, Google APIs, Nodemailer, React-Reveal, Styled-Components

• Personal portfolio   https://www.davidkang.me
Designed and built using React. This is my personal website/portfolio showcasing my projects, skills and personality.

Other tools/libraries used: Express, Cors, Google APIs, React-Spring, React-Reveal, Styled-Components, Nodemailer

CC Solutions | Finpliance UK   New York City, USA | São Paulo, Brazil
Consultant   Apr 2016 – Present

• Specialize in long-term export credit agency and structured financings for projects worldwide in a wide range of industries.
• Worked with a Brazilian contractor and its West African customer to calculate financing eligibility and to develop and implement disbursement and compliance procedures for six construction projects, three with SACE (Italian Export Credit Agency) and three with UKEF (UK Export Credit Agency).
• Interface worldwide with customers, suppliers, financial institutions and export credit agencies to obtain accurate information, resolve discrepancy issues and manage processing of disbursement requests.

Citigroup Inc   São Paulo, Brazil
Equity Research Intern   Apr 2014 – Dec 2014

• Internship at the Institutional Clients Group (ICG) aiding in the coverage of Latin American stocks.
• Covered stocks in the Pulp & Paper and Agribusiness sectors.
• Collaborated with team members in writing notes and reports (e.g. sector analysis, earnings results and previews).
